

EVERY BACHUR NEEDS SOMEONE WHO BELIEVES IN HIM...

Twenty-five years ago, Yeshivas Nefesh Dovid opened its doors in Toronto with a simple conviction:

*Hearing loss should never
determine a בחור's future.*

Not in תורה .

Not in life.

Not in his ability to contribute to כלל ישראל .

Since then, young men have arrived from Toronto, New York, England, Israel, France, and beyond.

They come from different backgrounds,
with different stories and different
challenges, but share the opportunity to be
seen not for what they lack, but for who
they can become.

YOUR PARTNERSHIP MAKES IT POSSIBLE

Providing this level of specialized education requires extraordinary dedication and resources.

Your support helps ensure that every בחור receives the individualized attention, educational opportunities, and nurturing environment he deserves.

Together, we can continue transforming lives for generations to come.

TWENTY-FIVE YEARS OF POSSIBILITY

Where בחורים with hearing loss find
their place and build their futures.

ישיבת נפש דוד
YESHIVAS NEFESH DOVID

...SOMEONE WHO UNDERSTANDS HIM...

Yeshivas Nefesh Dovid is led by its ראש ישיבה , HaRav Chaim Tzvi Kakon, who himself lives with hearing loss and understands firsthand the challenges, frustrations, and triumphs that accompany the journey.

That understanding shapes everything we do.

Our תלמידים know they are not alone. They are surrounded by rebbeim, staff, therapists, and mentors who believe in them, challenge them, and help them recognize their own potential.

Some students arrive needing significant support. Others come to strengthen their learning, build confidence, or refine the skills that will help them succeed in the next stage of life.

Whatever their starting point, every בחור is given the opportunity to grow, thrive, and discover what he is capable of achieving.

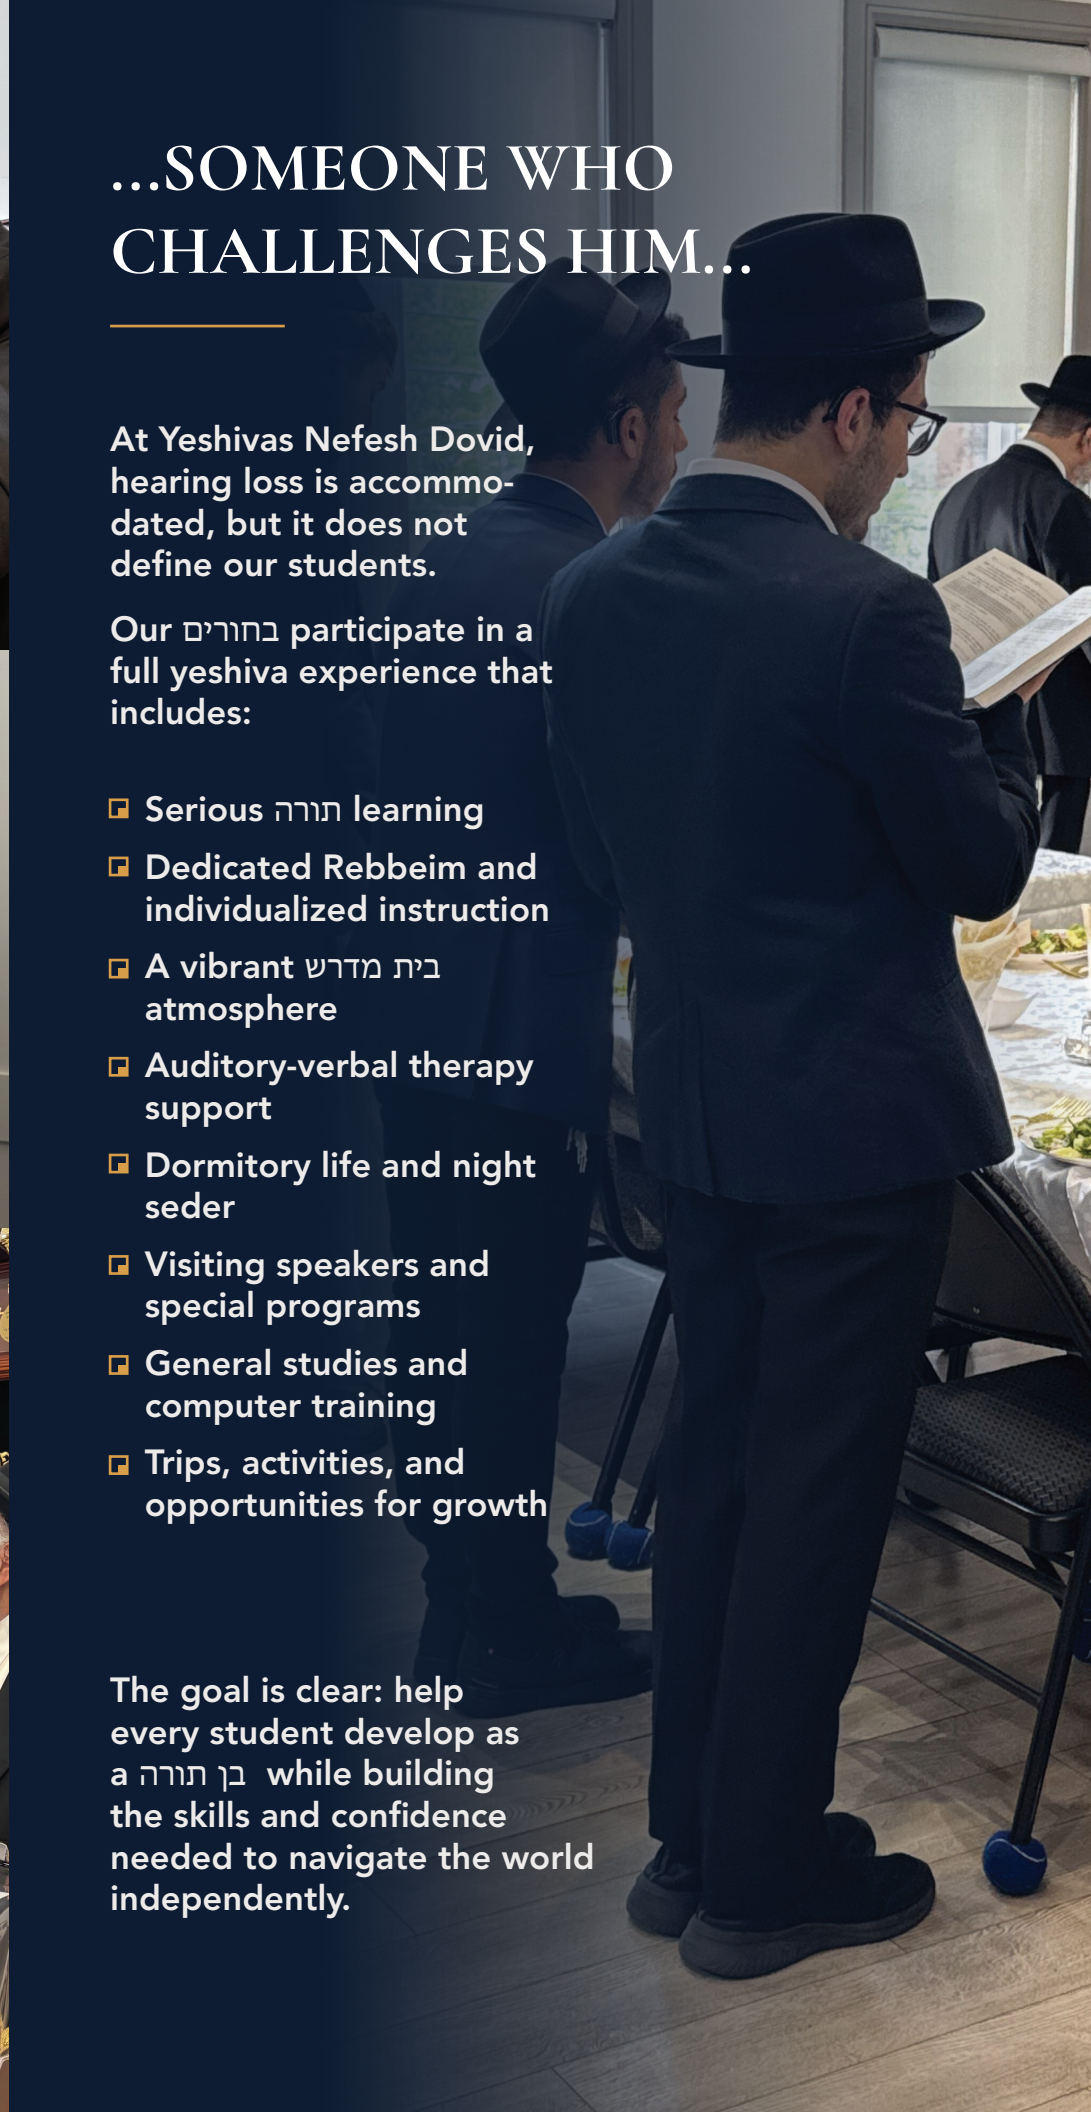

...SOMEONE WHO CHALLENGES HIM...

At Yeshivas Nefesh Dovid, hearing loss is accommodated, but it does not define our students.

Our בחורים participate in a full yeshiva experience that includes:

- ❑ Serious תורה learning
- ❑ Dedicated Rebbeim and individualized instruction
- ❑ A vibrant בית מדרש atmosphere
- ❑ Auditory-verbal therapy support
- ❑ Dormitory life and night seder
- ❑ Visiting speakers and special programs
- ❑ General studies and computer training
- ❑ Trips, activities, and opportunities for growth

The goal is clear: help every student develop as a בן תורה while building the skills and confidence needed to navigate the world independently.

...AND SOMEONE WHO GIVES HIM THE CHANCE TO SUCCEED.

A graduation.

A first job.

A סיום.

An engagement.

A new baby.

For twenty-five years, the calls and messages have continued to arrive.

Parents describing changes they never thought possible.

Young men discovering confidence they never knew they had.

Families watching futures unfold in ways they once feared might never happen.

*One life.
Then another.*

And before long, an entire community is stronger because a בחור with hearing loss was given the chance to succeed.
